Tama-Do (Way of the Soul) Academy, created in 1988 by Fabien Maman, the founding father of vibrational sound therapy (Websters' Dictionary), is dedicated to the evolution of human consciousness through research, teachings and creativity. We offer courses in non-invasive techniques using Sound, Color and Movement® and Harmonizing Concerts® to ground the Soul in daily life.

Once a year we offer all of Tama-Do Academy's Level I Practitioner Training Program in Malibu, California.

If you plan in advance, you can complete our Professional Training Program in one year (5 weeks total). You can take Level I in Malibu California (one week in November, one week in January and one week in March) – and then take the Level II training which is only offered once a year in the summer in Switzerland. This is what we call our FAST TRACK, and is recommended for those who have previous energy experience.

Each technique, grounded in the classical traditions of music, mathematics, astrology and Chinese medicine, has been researched and developed by Fabien Maman over a course of 30 years.

Unless otherwise stated, all courses are taught by Fabien and/or Terres Unsoeld, Senior Tama-Do Instructor. **NCCAOM & NCBTMB CE APPROVED**
